NEW LOOK FOR THE LINE OF SEMI-SPARKLING WINES 'SIGNED' BY CANTINE MASCHIO

A new, more elegant look for the winery's IGT semi-sparkling wines line, that also features a distinctive sign: the Maschio signature on the bottle. "Just like art masterpieces are signed by the artist who created them, so every bottle has an 'autograph' on it, a quality guarantee," the winery explains. "The quality we are talking about comes from the meticulous and respectful attention paid to grapes during cultivation and harvest, to the knowledge in wine-making that transforms the richness of grapes into wine, and to the passion that all 'Maschio' people put into their work." The Cantine Maschio IGT semi-sparkling wines line includes: Chardonnay, Pinot Rosé, Sauvignon, Verduzzo and Pinot Bianco.

PECORINO SARDO PDO NOW PROTECTED ALSO IN JAPAN

Since August 2nd Pecorino Sardo PDO has been officially included in the new list of Geographical Indications subject to protection in Japan, after the local Ministry of Agriculture registered the translation and transliteration of its name into Japanese. "A great result for all producers who believe in the huge potential of this great PDO cheese", the Protection Consortium commented, "and that gives us hope for the growth of exports to the Land of the Rising Sun, which in recent years turned out to be one of the most important emerging trade partners outside the EU."

IT'S PANCAKES MANIA. AFTER BARILLA, THE NEW PRODUCTS PRESENTED BY AMADORI AND MOLINO ROSSETTO

Italian consumers have a newfound passion for pancakes, one of America's most famous breakfasts, which is beloved by both adults and children and thus brings together entire families. The Amadori Group - renowned Italian company in the poultry market - recently debuted in the breakfast and snack segment with its ready-to-cook pancakes dough, free of dyes and preservatives and available in three types: 'Classic' with fresh eggs from 100% Italian free-range hens; 'Protein' with Greek yogurt and oat flour, low in fat; and 'Vegetal' free from eggs and lactose, rich in fiber and low in saturated fat. An innovative product with an innovative pack, thanks to the dosing cap, useful to keep its properties intact and avoid waste after opening. Before Amadori, another big player, namely Barilla, launched on the past Spring its own pancakes (ready-to-eat, this time): each pack contains four single portions of two plain pancakes, that can be reheated in a frying pan, toaster or microwave. Last but not least, Molino Rossetto presented, on the past weeks, a new line of pancake mixes in four different flavors: classic, with cocoa, wholewheat or oat flour. A wide and varied array of products for all pancakes lovers, characterized by a high degree of convenience.

TOO LATE FOR BREAKFAST? VERONI SALUMI LAUNCHES BRIOBRAIN

The historic Emilian deli meat producer enters the breakfast business with the BrioBrain kit, developed in collaboration with the nutritionist Gigliola Braga. A savory breakfast, designed to provide the brain with the energy and the right mix of nutrients it needs to start the day off with a sprint and dedicated to those who, despite the limited time available, don't give up on the first meal of the day. Four types of kits are available, that include: a savory whole wheat brioche with chia seeds, flax and hemp; or a 'gnocchino' made with mother yeast and extra virgin olive oil only, stuffed with Veroni cold cuts (mortadella, cooked ham, raw ham or turkey breast). The BrioBrain breakfast is completed with cheeses like Asiago PDO, Mister Nut shelled almonds and two organic Valverbe herbal teas for both hot and cold infusions.

In the **TRENDING NOW** section we aim to present some of the most recent product launches in the Italian retail market - or that are set to debut soon; as well as products that have been warmly welcomed by customers because of their quality and innovative features.

In this issue of Made in Italy for Asia the focus is set on a very fascinating trend that is capturing the attention of buyers and manufacturers alike.

That is to say the fruitful union of different and unexpected tastes to create something new and original. This is the case for the unusual but delicious combination of dried fruits and extravagant, gourmet flavors; or that between chocolate and leavened bakery with alcoholic drinks (on top the world-famous Italian Sprits). Truffles and truffle-flavored goods are definitely having a momentum, just like solid face and hair treatments in the non-food sector. Enjoy this gallery of new products launches that manufacturers are presenting - or will present soon - on the occasion of some of the most important f&b trade shows globally.

IL POGGIARELLO - CANTINE 4 VALLI

www.ilpoggiarello.fpwinegroup.it

THE WINE RANGE FEATURES A BRAND-NEW 'FACE'

Total new look for the wines that make up the offer of Il Poggiarello, estate of Cantine 4 Valli. To represent them, the company chose the magic of photography. Beside bottle and label, the name of some wines has been renewed too. This is not the case of 'La Barbona' and 'Il Valandrea', two flagship wines of Il Poggiarello, while Malvasia, the 'queen' vine of Piacenza, has turned into 'La Malvagia' (The wicked, in Italian). Pinot Noir, with its exotic traits, has instead become 'Lo Straniero' (The foreigner). Finally Sauvignon, due to its freshness, has been renamed 'Come il vento' (namely, Like the wind).

Grapes

Come il vento (Sauvignon), La Malvagia (Malvasia Emilia IGT), Lo Straniero (Pinot Nero Emilia IGT), Il Valandrea (Gutturnio Superiore DOC), La Barbona (Gutturnio Riserva DOC)

Land of production

Piacenza, Emilia Romagna, Italy

Alcohol

Come il vento (13%), La Malvagia (13,5%), Lo Straniero (13,5%), Il Valandrea (14%), La Barbona (14,5%)

Experience makes us unique

★ Life is tasty

Since 1906 the Rizzoli family has been handing down and renewing the art of craftsmanship for generations, selecting the best fish batches to bring a tradition of excellence to your home.

★ CANTABRICHE

Rizzoli has dedicated itself to the traditional preparation of Cantabrian Sea Anchovies for 115 years. The water of Cantabrian Sea is cold, rich in oxygen and planctons: these conditions are ideal for anchovies' flesh to be tender and tasty. The anchovies caught in the cold seas between France and Spain are the most appreciated and renowned worldwide for their meatiness and smooth texture.

Our boats only fish during Spring, to ensure great flavour of the anchovies. We only fish *Engraulis encrasicolus* species by the sustainable "circle" fishing method, to ensure the integrity of anchovies while respecting the marine ecosystem.

Best anchovies fillets are selected and hand packed one-by-one in transparent trays using oxygen barrier packing technologies.

★ ANCHOVY PASTE

Rizzoli Anchovy paste, produced in Italy in Parma, is obtained by blending together our finest anchovies with olive oil, salt and natural flavourings.

Because we strongly believe that **the future of the sea is now.**

33 WAYS TO SAY I LOVE YOU

S.Valentine's Day is on its way. And it's time, for buyers, to choose among the latest product launches by Italian companies to capture the heart (and appetite for sweets) of Asian consumers. Without forgetting a nice selection of Beauty gift ideas.

Love is in the air, in Verona

What's more romantic than the story of Romeo and Juliet? To the 'city of love', where the world-famous tragedy written by Shakespeare takes place, is dedicated Matilde Vicenzi's Valentine's Day gift tin.

On Valentine's Day, lovers around the world will have the chance to donate to their beloved ones a piece of Italy's most romantic city: Verona. Matilde Vicenzi has indeed dedicated to the city of Romeo and Juliet one of its iconic Landscape puff pastries and cookie tins, which faithfully portrays the eternal 'City of Love'. To enjoy at home, with friends and family, or to

give as gifts to surprise and delight the person of your heart.

Matilde Vicenzi's Verona gift tin

This exquisite selection - which includes the 'best-of' Matilde Vicenzi's puff pastries, tasty cream-filled and crispy cookies - is a tribute to the Italian pastry tradition. The iconic gift tin depicts scenic views of Verona, the birthplace of Matilde Vicenzi and the city-scenery of the famous love story of Romeo and Juliet, fruit of the fervent imagination of William Shakespeare.

Yet, the city of Verona preserves some real historical places that are the setting for their tragic love story. Actually, the Montecchi and

Capuleti families really existed, just like the balcony where Romeo and Juliet promised each other their eternal love. Under the balcony, in a small garden, the statue of Juliet - which is also portrayed on one side of Matilde Vicenzi's Valentine's day tin - has become a popular destination for tourists and couples. The tin contains puff pastries filled with chocolate cream, puff pastries filled with milk cream, fine decorated pastries and cookies with pastry cream filling. All cookies are presented in trays of 12 pcs to prevent breakage and keep their flavour intact. A sweet treat to share with your beloved ones on special occasions.

PEARLS OF LIGHT

Pearls of light are pure active ingredients that are specifically measured to target skin that is dull, discoloured or lacking in tone. Vit. C is a powerful illuminating antioxidant that stimulates collagen production, improving skin tone and elasticity; it is also effective against dark spots. The powerful nourishing and antioxidant properties of Tuscan Camellia in organic sunflower oil, help boost this action. Pearls of light leave skin even, radiant and regenerated.

Raw materials

Camellia macerated oil, Vit. C

Packaging and size

Three formats for the different steps of a complete treatment: 7-pearl blister pack for the trial week, a 21-pearl pot for the next 21 days and a 14-pearl blister pack for the maintenance period.

Shelf life

30 months

HYALURONIC ACID-DRONE

Hyaluronic Acid Drone is an advanced and concentrated anti-aging formulation that actively improves the skin's substrate network in a multifunctional way and contains Hyaluronic acids with different molecular weights. It stimulates Hyaluronic acid synthesis and combines different types of Hyaluronic acid, locking in moisture to maintain an overall younger healthier looking skin. The Cosmetic Drone™ is an intelligent targeted delivery system which drives the active to the specific skin cell. It is a dual layer biocompatible capsule with a specific external peptide ligand on the surface that confers intelligent targeting properties at very low concentration.

**JOSEPHINE EAU DE PARFUM**

The sensual and timeless allure of Joséphine, the woman loved by Napoleon, is the soul of these warm, mysterious and passionate notes. The intensity of spring flowers, the seduction of exotic notes, the penetrating harmony of fruits and woods create a composition that is an invitation to sensuality, in an atmosphere of elegance. The fragrance box hides a 'secret': poetry lines devoted by Napoleon to his beloved wife Joséphine: "I did not spend a single day without loving you; I have not spent a single night without holding you in my arms."

**LONGEVITY-C**

A modern and active product range for skincare formulated with Liposomal Vitamin C (Microencapsulated), the most stable and rapidly absorbed form of this essence of youth. This innovative and biotechnological form of application increases the cutaneous bioavailability of Vitamin C 1,540 times, while also protecting it from environmental aggression, transporting it inside the still fresh skin cells. Thanks to the combination with Copper and Saffron (depigmenting agents, antioxidants and anti-pollution agents), Longevity-C products contrast and slow down the typical signs of aging.
